

Continued support

Principal Resourcing appreciate the critical role that support staff play in many learning establishments. We aim to offer assignments tailored to your knowledge and experience as well as offering the opportunity to work in differing learning environments.

Over recent years the role of support staff in school has become increasing more important. With this in mind Principal Resourcing will endeavour to match your skills to suitable assignments, be that working 1 – 1 with a child with SEN, working in a pupil referral unit or more general classroom support.

It's the principle that matters...it's the people that count.
